

ROV RUBBER JOINT

The IKM Technology **ROV Rubber Joint** is based on standard flange dimensions for ROV Tooling interfaces. It is mounted on tools where some flexibility is required, to simplify manipulator operations.

SPECIFICATIONS

Type	ROV Rubber Joint
Model	Rubber Joint
Part Number	7013-001
Material	Super Duplex, Rubber
Weight Air	0,50 kg
Weight Water	0,45 kg
PCD flange 1	Ø56, M6 threads, 4 holes
PCD flange 2	Ø56 and Ø60, M6 threads, 8 free holes Ø6,5
Diameter Ø	70 mm
Height	40 mm
